

ASSEMBLY INSTRUCTIONS

Regulating TWINS set

M873-A...L (left version)
M873-A...P (right version)

TWINS control connection (M873-A...L)

1

Attention:

Take care not to damage the o-ring, which is responsible for the tightness between the heater and the nipple, when tightening it.

2.a
(PEX 16x2)

Attention:

Power supply on the side of the cut-off insert !!

Before installing the connectors, it is possible to install the rosette and masking sleeves in the same color as the connector (*optional accessory*).

Make sure that when installing the 16x2 coupler, do not damage the o-rings responsible for the tightness of the coupler between the installation and the connection.

3

4

Attention:

Flow regulation in accordance with the Catalog Card.

5

Attention:

Flow control in accordance with the Product Catalog Card (www.varioterm.pl/en/technical-support).

2.b (Cu 15x1)

Attention:

Power supply on the side of the cut-off insert !!

Before installing the connectors, it is possible to install the rosette and masking sleeves in the same color as the connector (*optional accessory*). Remove sharp material residues from the outside of the tubing that could damage the O-rings inside the fitting when forcing it onto the tubing. After crimping the coupler **with a force of 8Nm**, first check that it is not possible to turn and / or eject the tube by pulling it **STRONGLY**, and then check the hydraulic tightness. Maintain a 90° angle between the tube and the heater.

Terms of warranty:

- The manufacturer provides a warranty for a period of **3 years** from the date of purchase.
- Defects revealed during the warranty period will be removed free of charge within 14 business days from the date of their notification.
- Notification of a defect or damage is accepted by e-mail: reklamacje@varioterm.pl or by phone (022) 8724214.
- In order to perform a warranty repair, the defective product must be delivered to the VARIO TERM office with a description of the reason complaints and a copy of the proof of purchase with the stamp of the facility where the purchase was made and clearly marked with the date of purchase.
- The warranty does not cover parts that are subject to natural wear and tear during their lifetime, and defects caused as a result installation and use inconsistent with the instructions, defects bearing signs of mechanical or thermal damage or signs of user interference.
- The Purchaser loses all rights resulting from the guarantee in the event of: 1) loss or destruction of the proof of purchase, 2) unauthorized repairs, disassembly, 3) improper or inconsistent with the instructions for use.
