NEW COLLECTION ALL IN ONE

GLAMOUR

Original combinations of luxurious colors will satisfy even the most demanding people and will undoubtedly attract the attention of others.

The most popular valve models have entered the new line: TWINS, INTEGRA, VISION and UNICO.

Each set comes with all the necessary accessories to connect the radiator to the installation and to regulate the temperature.

The PRESTIGE thermostatic head is the basis of all **GLAMOUR** sets.

RADIATOR FROM A TO Z

THE WHOLE SET IN ONE COLOR!

We present a new series of thermostatic sets equipped with all the accessories necessary to connect the heater to the installation and to regulate the temperature!

FITS INTO EVERY RADIATOR AND INSTALLATION!

The photo shows an All In One TWINS - right, with PRESTIGE thermostatic head

◆ HOW TO CHOOSE CONNECTORS?

When ordering, add (PEX) or (Cu) or (GZ)* at the end of the catalog number, for example:

AEMAGS0201CFK/L(PEX), ALUX2GS0202CFK(Cu), APREGS0224C/FK(GZ).

We select appropriate fittings for each valve.

◆ THE ALL IN ONE SET INCLUDES:

- valves of various Types and uses from the Glamour or Elegant or Exclusive segment;
- „Prestige” thermostatic heads or „Picco” thermostatic heads;
- masking accessories: single or double rosette, masking sleeves installation pipes, adapters / couplings on PEX or copper or steel fittings*.

* *Steel couplings (GZ ½” for a ball or GZ ½” or for an o-ring) fit the selected sets.*

ELEGANT SETS

All In One TYPE V ELEGANT

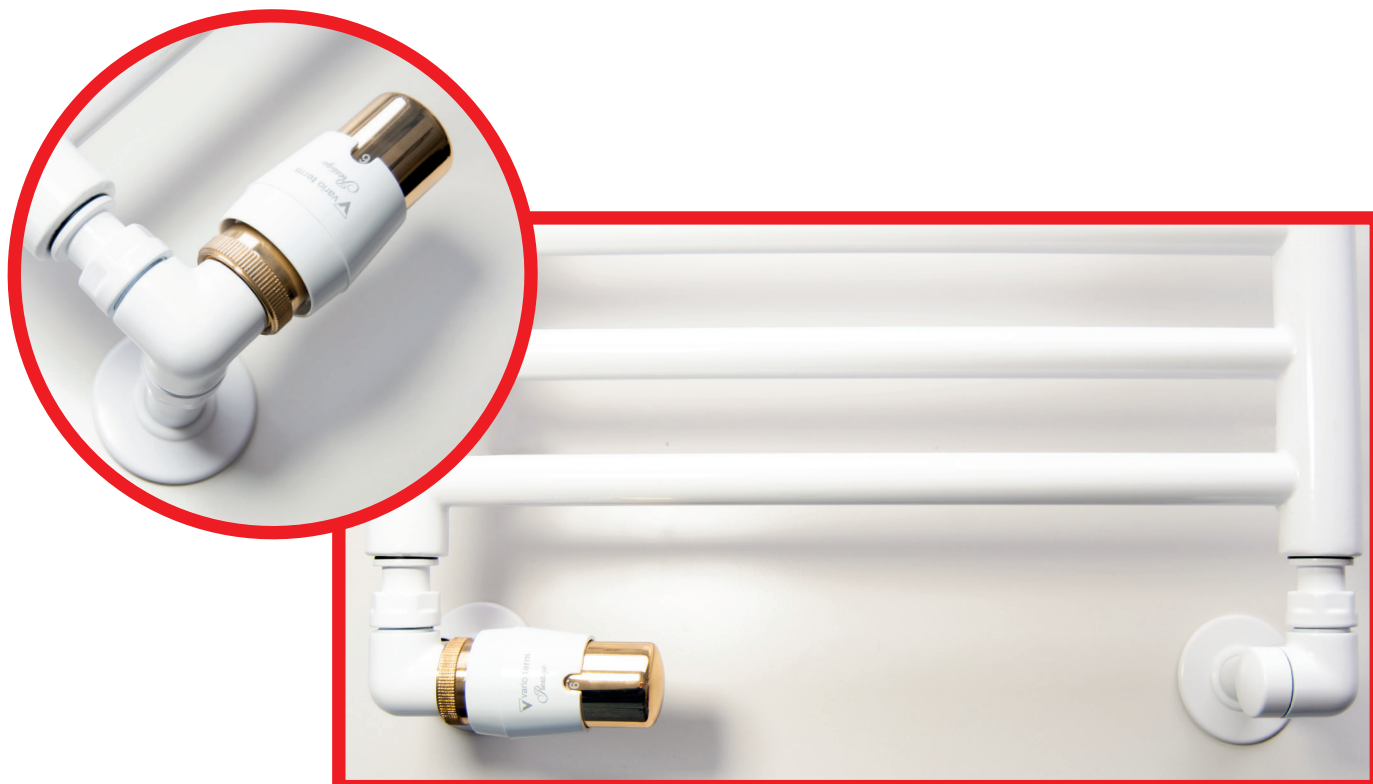

„Type V Elegant“ thermostatic set, **angular*** or straight version. The set includes: 1 x connection valve GW ¾" / GZ ¾", 1 x „Prestige“ or „Picco“ thermostatic head, 1 x double masking rosette, 2 x masking sleeves, 2 x adapters on PEX or Cu ¾" x 16.

In sets from pages 19-21 you can choose connectors with dimensions 16 x 3/4" (PEX) or 15 x 3/4" (Cu)

HISTORY OF VARIO TERM

Mera-Pnefal was the first company in Poland and one of the first in Europe manufacturing thermostatic heads. First designs of fluid sensors were created in the 1980's on the basis of bellows produced for pneumatic automation systems.

Thermostatic heads, thermostatic valves and other radiator's equipment under Mera Term brand are designed and manufactured with accordance to tradition, strict quality requirements and high technological level.

1964

Bellows for assembling control measurement instruments

1988

First thermostatic head with a fluid sensor, Type: M615

1993

Thermostatic head with a fluid sensor Type: M616

1999

CLASSIC thermostatic head

2004

Thermostatic heads: PLUS, TRENDY, PRESTIGE, PRESTIGE RTL, VENUS

2017 - 2020

Thermostatic heads: DISTANT, CONTACT, PICCO; System VRC; ALL IN ONE sets

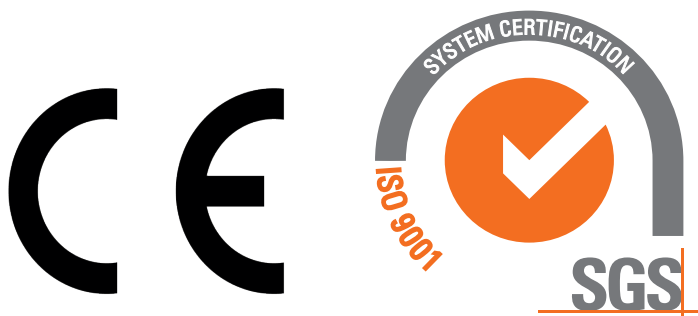

2021

Thermostatic heads: TUCAN, PONY ALL IN ONE GLAMOUR sets

Thanks to the **modern shape** of thermostatic heads and stainless steel of Vario Term valves, they perfectly complement radiators of different manufacturers.

Vario Term thermostatic heads and valves regulate radiators' work and as a result reduce energy consumption, improve temperature comfort of rooms and certainly are an additional element decorating a radiator.
